Appendix A to Attachment 4

Popular Name: Cinder Pit Road

County: Millard

County Road Number: MC4481

State Geographic Information Database (SGID) Road Identification Number: RD142892.

Road-Segment Number: 001

Road-Segment Length: 0.01 miles more or less.

Believed owner of the land underlying this road-segment is: Bureau of Land Management.

The following description is based upon the geographic coordinate system using the NAD83 Datum. The source is GPS mapping grade data as indicated in the metadata and/or the transportation data model of the State of Utah Geographic Information Database (SGID).

The road-segment itself is the monument that is identified by its physical presence on the land. The location of said physical presence is closely approximated by mapping grade Global Positioning System (GPS) data. Said data are checked against the corresponding gray-scale 1-meter Digital Orthophoto Quadrangles published by the United States Geological Survey (USGS) to verify a reasonable degree of accuracy. In circumstances where accurate satellite signal acquisition is not possible, such as deep, narrow canyons or under a canopy of dense foliage, or where very sharp curves in the road make accuracy questionable, such portions of the road were digitized from the corresponding gray-scale 1-meter Digital Orthophoto Quadrangles published by the United States Geological Survey (USGS).

This road-segment may traverse:

Township 21 South Range 6 West, Section(s) 26, Salt Lake Base & Meridian

The following description closely approximates the location of the centerline of the physical monument (Cinder Pit Road)-- Segment 001 based on mapping grade Global Positioning System (GPS) data as defined above:

Beginning at a point on the road center line located at 38 degrees 57 minutes 50.96 seconds North Latitude and -112 degrees 29 minutes 039.5 seconds West Longitude, which can be converted to mapping accuracy State Plane Utah Central Zone NAD 83 feet coordinates of X = 1,357,687.8 feet and Y = 6,793,011.0 feet; thence the following courses along the said road center line:

thence South 74 Degrees 50 Minutes 29 Seconds East 16 feet

thence South 81 Degrees 19 Minutes 48 Seconds East 6.3 feet more or less to **the ending point** at: 38 degrees 57 minutes 50.91 seconds North Latitude and -112 degrees 29 minutes 39.22 seconds West Longitude, which can be converted to mapping accuracy State Plane Utah Central Zone NAD 83 feet coordinates of X = 1,357,709.5 feet and Y = 6,793,005.8 feet.
