4. I have observed that the road has been open to the public for all to use, to come and go as they pleased, since at least as early as the mid 1940s and continuing through 1976 to 2006. Throughout this time period I have observed travel on the road by various means, including trucks, cars, recreational vehicles, and pickup trucks. Throughout this time period, the road has been used daily for more than ten continuous years prior to 1976, and is presently used daily.

## Appendix A to Attachment 4

**Popular Name: OTTER CREEK 79 ROAD**

**County: Piute**

**County Road Number: PCRD79**

**State Geographic Information Database (SGID) Road Identification Number: RD160079.**

**Road-Segment Number: 001**

**Road-Segment Length: 0.24 miles more or less.**

**Believed owner of the land underlying this road-segment is: Bureau of Land Management.**

*The following description is based upon the geographic coordinate system using the NAD83 Datum. The source is GPS mapping grade data as indicated in the metadata and/or the transportation data model of the State of Utah Geographic Information Database (SGID).*

The road-segment itself is the monument that is identified by its physical presence on the land. The location of said physical presence is closely approximated by mapping grade Global Positioning System (GPS) data. Said data are checked against the corresponding gray-scale 1-meter Digital Orthophoto Quadrangles published by the United States Geological Survey (USGS) to verify a reasonable degree of accuracy. In circumstances where accurate satellite signal acquisition is not possible, such as deep, narrow canyons or under a canopy of dense foliage, or where very sharp curves in the road make accuracy questionable, such portions of the road were digitized from the corresponding gray-scale 1-meter Digital Orthophoto Quadrangles published by the United States Geological Survey (USGS).

This road-segment may traverse:

Township 30 South Range 2 West, Section(s) 21,28, Salt Lake Base & Meridian

The following description closely approximates the location of the centerline of the physical monument (OTTER CREEK 79 ROAD)-- Segment 001 based on mapping grade Global Positioning System (GPS) data as defined above:
