**AFFIDAVIT OF MORRIS SORENSEN
QUITCHUPAH ROAD
SEVIER COUNTY, UTAH
COUNTY ROAD NUMBER 6013**

State of Utah)
 : ss.
County of Emery)

MORRIS SORENSEN, being first duly sworn, deposes and states as follows:

1. I am an adult competent to testify about the matters set forth below based upon my personal knowledge. I currently reside in Emery, Emery County, Utah. I have lived in Emery County from 1945 until 1969. In 1969 I left and went to school until 1975. I returned to Emery County in 1975, and I am still living there at this present time. I am currently employed by the Emery County Road Department and have been since 1984.
2. I have traveled and am familiar with a road in Sevier County known as the Quitchupah Road (County Road Number 6013). I am also familiar with the land the road traverses. When I first used and observed the road in the 1950's followed the same route as in 2006 when I last observed it. Attached is a Sevier County map showing the Quitchupah Road (County Road Number 6013). To the best of my knowledge and based upon my use of and familiarity with this road and the land it traverses, the location and route of the road are correctly illustrated on the attached map.
3. I am informed that the County also identifies this road according to the road number listed above.
4. I have observed that the road has been open to the public for all to use, to come and go as they pleased, since at least as early as the 1950's and continuing through 1976 to 2006. Throughout this time period I have observed travel on the road by various means, including all sorts of vehicles such as tractors, ranch equipment, horses, pickups and ATV's. Through this time period, the road has been used daily.

5. Throughout the time period from the 1950's to 2006, I have used the road myself for access to the forest for livestock operations and recreation such as hunting.

6. Throughout the time period described in the previous paragraphs, I observed vehicles using the road at various times for the uses described in the previous paragraphs, plus the following uses: Logging, access road to the Sufco Mine, access to the ranch that is presently owned by Sufco and is being ranched by the Castle Valley Group.

7. It is also the reputation in the community that this road has been open to the public for all to use, to come and go as they pleased, since at least as early as the 1930's and continuing through 1976 to 2006, for the uses described in the previous paragraphs. My wife's grandfather had a sawmill over in that country, and they brought lumber off of that from the east spring knoll country and through Devils Canyon.

8. I observed the following evidence of maintenance/construction activities on the road prior to 1976: Historically graders have constructed the road, there are culverts and a cattleguard at the bottom end, a concrete dip was put in over in the wildcat wash and signs. I have personally run a grader on the road myself in the late 1990's.

DATED this 21st day of November, 2006.
